

Conwy Voluntary Services Council & Wales Progressive Co-operators

Invite you to

Self Help Co-operatives

A workshop that explores practical Co-operative solutions for Social Services

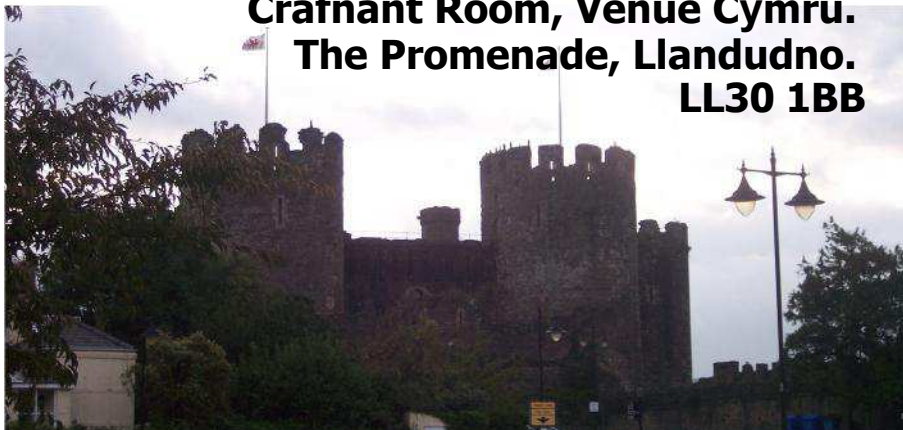

with Guest Speaker

John Restakis

Executive Director, British Columbia Co-operative Association, Canada

John Restakis is a Canadian expert who has promoted and lectured on citizen-centred developments in Canada for 20 years. He will talk about his experiences in Canada and Italy and will explore how we might promote similar citizens directed social support services in Conwy.

Friday 29 June @ 1.30pm – 3.30pm
Crafnant Room, Venue Cymru.
The Promenade, Llandudno.
LL30 1BB

The event is intended to inform and support the transformation of Social Services, and opportunities for change. More than 95% of all the care needs that older people have is provided by unpaid carers - whether spouses, family, friends or neighbours - who help to keep people in their own homes. The remainder of the care is provided by either private (or indeed voluntary) sector agencies and local authorities - the former typically focusing on people with less complex and the latter typically focusing on those with more complex needs.

We will examine possibilities for member owned and controlled co-operative businesses to provide quality alternative practical home care services.

**Cyfarwyddwr Gweithredol Cymdeithas
Cydweithredol, British Columbia, Canada**

Mae John yn arbenigwr o Ganada sydd wedi hybu datblygiadau rhyngwladol yn y maes cydweithredol a phwysigrwydd canolog y dinesydd unigol ac wedi sgrifennu'n helaeth amdano ers 20 mlynedd. Bydd yn trafod profiad o'r math yma o weithio yn Canada a'r Eidal ac yn ystyried sut y gellid hybu gwasanaethau cymdeithasol o'r math yng Nghonwy.

Dydd Gwener, 29 Mehefin, 1.30pm – 3.30pm

**Ystafell Crafnant, Venue Cymru,
Rhodfa'r Mor, Llandudno LL30 1BB**

Bwriad y cyfarfod yw deall a chyfrannu at drawsnewid ein gwasanaethau cymdeithasol a manteisio ar gyfleoedd newydd i wneud hynny'n effeithiol. Mae teuluoedd a gofalwyr anffurfiol yn gyfrifol am 95% o'r gofal a roir ar hyn o bryd i'r henoed. Mae'r sector breifat yn darparu'r rhan fwyaf o'r cymorth ychwanegol gan fod yr awdurdodau lleol yn canolbwyntio ar bobl ag anghenion dyrys a sylweddol. Byddwn yn ystyried y posibilrwydd o ffurfio cwmni cydweithredol – fydd yn eiddo i ac yn cael ei redeg gan yr aelodau – i ddarparu gwasanaethau ymarferol o safon uchel i gynnal pobl yn eu cartrefi eu hunain
